Melo Velo is a new club sponsor to our Club this season and we thank Magdalene and the team for their support. With sponsorship essential to enable our Club to hold a summer series of races, we ask members reciprocate by supporting our sponsors wherever possible.

Location

Beach End of Norton Promenade, Dalyellup. Limited parking is available at the car park that adjoins the roundabout at the beach end of Norton Promenade. A second car park is available 200 metres to the south off Norton Promenade.

Course Distances

Enticer Course	Swim 250 metres	Ride 12 km	Run 2.5 km
Sprint Course (solo/team)	Swim 750 metres	Ride 20 km	Run 5 km

Swim Course will be set depending on conditions on the morning. If prevailing conditions exist then the course will be a swim along the coastline starting from the south. The Sprint course distance will be a 750 metre swim and Enticer course a 250 metre swim. Please take care negotiating the surf break back into shore at the completion of your swim as occasionally the Dalyellup surf break can be a little dumpy. Also suggested is to keep a little in reserve to negotiate the stairs leading from the beach back up to transition. Transition will be adjacent to the car park at the roundabout at the beach end of Norton Promenade.

Bike Course - both the Sprint and Enticer course is a looped 2.8 km course along Norton Promenade and Hutt Drive with hair pin turns at each end. Sprint course participants will do 7 laps of the course and

Enticer course participants will complete 4 laps. Please note that the cycle leg is **not** under closed road conditions. As per earlier races, being an early start and a suburban location, we expect other road traffic will be minimal. However, when completing the cycle course, participants must obey roads rules at all times.

Run Course - both Sprint and Enticer course participants the run course will be an out and back run on the smooth Dalyellup cycle/walking paths. Participants will head East on Hutt Drive with the Enticer course participants turning near the Norton Promenade / Maidment Parade roundabout. Sprint course participants will turn left at the roundabout onto Maidment Parade and follow this to the Tuart Forest cycleway with the turn point on the cycleway just to the south of the service road that intersects the cycleway.

Participant Age Considerations

Juniors are aged 19 and below on the 31st of December 2017. Seniors are 20 and above on this date. Children 12 and 13 years of age can compete in the Enticer course provided they are chaperoned by an adult. **Children 14 years of age** and older can compete in the **Enticer course** without a chaperone. Participants **must be 15 years of age as at 31st December 2017** to compete in the **Sprint Course**.

Trystar Event

The intention is for our Trystars to complete a 100metre swim along the shoreline, 3km bike ride and 1km run. However, the shore break at Dalyellup can be a little unpredictable so, in the event of adverse conditions, the Trystar event will become a run, ride and run. The cycle leg will be on the cycle path to the South of the transition area and the run leg will be on the cycle path to the North of transition. Trystars will get to take advantage of transition just like the big kids!

We ask that Trystars register online before the event (more information below) and arrive by 6:45am to setup their equipment.
