A message from the Race Director

The iconic **Bunbury City Classic Standard Distance Triathlon** is back proudly sponsored by [LGM Industries](#).

The LGM Industries Bunbury City Classic Triathlon course incorporates the pristine and protected beach area of Koombana Bay. The ocean swim course runs close to the beach, it's great for spectators who can view from the adjacent boardwalk. The undulating bike course leaves Koombana Bay and runs through the city centre and out along the coastline of Back Beach returning to Koombana Bay. Once again, it's a fantastic experience for riders and spectators alike. The run course winds itself around the Leschenault Estuary, through the waterfront area up to the lighthouse and back to Koombana Bay for the 10km course along the pedestrian path taking in all the views of Bunbury.

This event will be the State Standard Distance Championship and Qualifying Event for the Age Group Team for the 2020 ITU World Championships in Edmonton Canada. Proudly hosted by the Bunbury Triathlon Club, the return of this event will be enhanced with a spectacular course layout that will allow participants to enjoy Bunbury's scenic coastline and super smooth Ocean Drive for the ride course under closed road conditions.

For our younger and more recreational participants, along with those new to the sport, an **Enticer and Sprint Distance Triathlon** is also available.

A special thank you to the LGM Industries for their continued generous sponsorship in helping facilitate the return of this event with Bunbury Triathlon Club.
